

I Put You Out

You came back to trouble me,
Awakened me from sleep,
Time again in my memory,
When I desired to be free,
I lay awake in the narrow bed,
Thinking about these things
Outside the rain is pouring,
I put you out of my dreams.

Did I overshadow you,
Did I stunt your growth?
Is it just you're sickened?
By what you've done to me,
I lay awake in the narrow bed,
Thinking about these things,
Outside the rain is pouring,
I put you out of my dreams.

You came back to trouble me,
Put doubt into my mind,
Time again in my memory,
When I desired to be free,
I lay awake in the narrow bed,
Thinking about these things,
Outside the rain is pouring,
I put you out of my dreams.

I Put you out,
I put you out,
I put you out,
I put you out,

You came back to trouble me,
Awakened me from sleep,
Time again in my memory,
When I desired to be free,
I lay awake in the narrow bed,
Thinking about these things
Outside the rain is pouring,
I put you out of my dreams.
